Read Aloud Review

Today we reviewed the habitats we have learned about so far.

Directions: Your job is to draw a line to match the animals to their habitat.

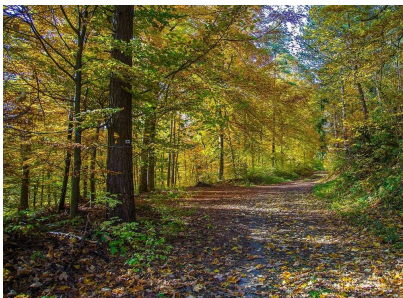

Arctic Habitat

Desert Habitat

Savanna Habitat

Forest Habitat

What three things does a habitat have?

Draw a picture of you in your habitat. Make sure that you have food, water, and shelter.

A large empty rectangular box with a black border, intended for drawing a picture of the student in their habitat.
